## Horicon Public and Private Schools **Student bicycling and walking routes to school.**

In concert with our community stakeholders, the Horicon Police Department has identified designated bike/walking routes for Horicon Public and Private School students. A crossing guard is currently located at: Lake St. and Cedar St. We hope to add one at Larabee St. and Barstow St. in the future. New this year you will see signs along these routes indicating they are the safest routes to/from school.

We appreciate your help getting **ALL** Horicon students to use the designated routes.

Students are discouraged from crossing intersections where there is no crossing guard. We see a tremendous amount of traffic on Highway 33 (East Lake Street, Barstow Street, and Washington Street). Please remind your student(s) to only use marked crosswalks.

Should you have any questions or concerns, please contact the Horicon Police Department at (920) 485-3555.

Respectfully,

Joseph W. Adamson  
Chief of Police
