THANK YOU!

Many staff members work hard all summer to get us ready for the school year! Special thanks to our amazing custodians, office staff, and support staff for helping us start the school year strong!

CELL PHONES IN SCHOOL - IT'S THE LAW

DID YOU KNOW? Wisconsin Act 42 was signed into law last fall and mandates restrictions on personal wireless communication devices in public schools during instructional time. Our policy 5136 follows the law, so please help us! Do not text/call your child during the day. Students will NOT be utilizing phones, ear buds, and smart watches during instruction. Call our offices to deliver important messages that cannot wait.

Aligned for Learning

A new school year brings new possibilities, new goals, and new opportunities to make a difference. This year, our Horicon team is Aligned for Learning — working together with a shared commitment to helping every student learn, grow, and succeed. From our classrooms to our activities and everything in between, we are excited for what this year will bring. Thank you to our staff, families, and community for being an important part of the journey.

Here's to a great year ahead!

Let's Go, Marshmen!! 🧡💜

Every student. Every day.

Showing up for school has a huge impact on a student's academic success. Even as children grow older and more independent, families play a key role in making sure students get to school every day and understand why attendance is so important for success in school and on the job.

Missing TWO days per month results in missing 10% of the year!
